

### **Club Social Ride June 24<sup>th</sup> Shorne Woods / Jeskyns**

On the evening of one of the hottest days of the year so far 7 members met for an evening ride as it cooled down. I took Kinza hoping he would step up to the plate to take the place of Seamus who was always such a fun but safe ride on these occasions. As you are only allowed to walk and trot here I hoped we'd have a fun but calm ride - which we did. We were out for 2 hours with only about 200m of roadwork, and for me it was fun to revisit my old stamping ground, although everything looks quite different since Jeskyns has been converted from arable to country park. I would highly recommend this for an easy accessible fun ride, but beware mozzies on a warm summer evening in the wooded area immediately around the car park!

Our thanks to Anne and Caroline for planning and leading this ride [even if it was mostly from the back when Kinza started showing off his medium trot at the front...sorry ladies...]
